

Market Bulletin: Envi Tag & Ticket Stock

Available with up to 100 percent post-consumer-waste (PCW) fiber, Envi Tag and Ticket Stocks are engineered expressly for retail price tickets and on-garment identification (i.e. hang tags, pocket flashers and jokers). Stocks are available in bright white and natural kraft shades with a variety of finishes to suit different print methods, including a super-smooth surface for high-speed thermal transfer printing.

Monadnock's supply chain partners facilitate global distribution to printers and manufacturers around the world.

Critical Properties

- *Exceptional fidelity via offset and flexographic print techniques*
- *Super-smooth stocks available for variable high-speed thermal printing*
- *Emboss and foil stamp beautifully*

Envi Tag and Ticket Stocks may be customized to meet your specifications.
