Customization

- Inquire with the mill for variations on weight, finish, smoothness and textures
- Custom coatings and security options are available

Features and Benefits

- **Exceptional surface uniformity, smoothness and brightness**
 - Optimized for superb printability
 - Appearance is comparable to virgin uncoated sheets and superior to recycled SBS alternatives
- **High caliper single-ply (18 pt.)**
 - Eliminates the risk of cracking inherent in double-thick alternatives
- **Durability**
 - Ideal for embossing, foil stamping and laminating, as well as converter processing, fulfillment and consumer use
- **Made with the environment in mind**
 - The FSC® logo ensures responsible use of forest resources sourced and certified by a third party
 - Made with third-party Green-e® certified Wind Power Renewable Energy Certificates (Green-e.org)
 - Manufactured Carbon Neutral with verified emission reductions certified under the Climate Action Reserve Protocol
 - Manufactured Process Chlorine Free
 - Manufactured under an ISO 14001:2004 Certified Environmental Management System
