

# Market Bulletin: Envi Printable Blotter

Envi printable blotter stocks are engineered for applications such as branded beverage coasters and letterpress invitations. These high performance papers print beautifully and have the technical characteristics required for porosity and moisture control.

These papers are Forest Stewardship Council certified and manufactured carbon neutral (VERs) with 100 percent renewable electricity (RECs).

## Critical Properties

- Smooth surface for printability
- Absorbent for optimal performance

*Below is a representative sampling of blotter papers offered by Monadnock. Basis weight, fiber furnish, color and finish may be customized to meet your specifications. May be manufactured to Forest Stewardship Council standards upon request.*
