

Monadnock Envi® Wall Art Faux Canvas Gallery Wrap

An **ENVI**PORTFOLIO Product

Envi Wall Art is a beautiful, matte canvas-embossed substrate designed for on-demand printing of fine art, photography, commercial decor and point-of-purchase signage. This product offers an economical alternative to traditional stretch framed gallery wraps.

Envi Wall Art, when properly scored, die-cut and folded, looks just like a quality canvas gallery wrap, without the fuss of a wood frame construction.

Envi Wall Art is UV flatbed inkjet printable. It scores, die-cuts cleanly, and folds easily to create beautiful, sturdy, dimensional artwork.

Unlike traditional canvas gallery wrap, Envi Wall Art may be printed, scored, die-cut and shipped flat, saving time and money at the photo lab or digital print house.

The consumer can assemble and hang their new artwork on the wall in less than a minute.

Production Requirements:

UV Flatbed Printer

Scoring & Die-cutting Equipment

Appropriate on-product FSC logo:
