

Envi Card

Gift, Loyalty & Membership

AN
ENVI PORTFOLIO
PRODUCT

Worldwide brands are searching for ways to improve their environmental profile. What better way to demonstrate your commitment than by eliminating plastics and specifying renewable, recyclable and recycled fiber-based materials. Well over *eight billion* gift cards have been produced with Envi Card 28 PT. There is no compromise in perceived value or brand integrity.

Made from renewable wood fiber, Envi Card offers an *alternative to plastics and PVC* materials for gift cards and carriers, hospitality, loyalty, promotional, membership and merchandise return cards. This durable stock prints crisply using standard offset printing techniques.

New to the line is our 100% post-consumer waste recycled fiber 28 PT. card. You can expect the same superior performance you get with the virgin fiber construction.

Envi Card is Forest Stewardship Council certified (FSC® c018866) and third-party tested for recyclability- simply toss it into the mixed paper bin after use.

This Card Works

- Fits seamlessly into the card supply chain.
- Superior graphic flexibility and precision over plastic cards.
- No compromises in perceived value - looks, feels and sounds like plastic!
- Accepts magnetic and signature strips, scratch-offs and bar codes.
- High rigidity/stiffness for optimum performance through the supply chain to the consumer.
- Die-cut/punch with crisp clean edges perpendicular to the card face.
- Suitable for tipping/affixing to letters and card carriers.
- Envi 28 pt. Gift Card will survive a full cycle in the washing machine.
- Third-party certified recyclable in the curb-side mix paper waste bin.

Envi Card is stocked in 28 x 40" sheets and is packed on skids. Sheet sizes may be customized. Contact Monadnock for more details.
