PRODUCT

Built for Brands unwilling to compromise, Monadnock Envi® PC 100 Performance Board is the seamless integration of beauty, performance and sustainability. Contact us today to take a closer look at the New Face of Premium Packaging.

Envi PC 100 Performance Board is made with FSC® Certified, 100 percent post-consumer waste recycled fiber. This line of packaging board is engineered for superior printability and performance all the way to the shelf. It will foil stamp, score and fold beautifully.

Envi PC 100 Performance Board is recyclable in the curb-side mix paper bin. Like all of Monadnock's papers it is manufactured carbon neutral (VERs) using 100 percent renewable Green-e certified wind-powered electricity (RECs).

You may choose from beautiful cool white matte coated and bright white uncoated board. All of these products carry the FSC® Recycled label. See the full stocking program on the reverse of this guide.

Consult our Environmental Calculator to quantify the benefits of specifying post-consumer waste recycled fiber products from Monadnock and generate your savings certificate.
