

# Performance Label

## Product Guide

Monadnock Performance Label stocks are crafted to protect the integrity of your brand. They are FSC® certified (with exception of Cotton, a non-wood fiber). The Envi line of labels was made to withstand the rigors of printing, converting, finishing, bottling, transport, cooler and ice bucket. Envi Wet Strength Label stocks have been engineered to print, emboss and foil stamp beautifully while maintaining their strength and brightness even when wet.

	Grade Number	Basis Weight	Weight gsm	Caliper mils	Color	Smoothness Sheffield	Brightness	Fiber Content
<b>WET STRENGTH LABEL</b>
